

A Life of Leisure....Massey Preserve

June 2006

Raleigh, North Carolina-Estate Homes offered under 300,000

Built in the naturally wooded area that buffers the Neuse River, Murdock and Gannon unveils five newly designed estate homes. The new development of Massey Preserve is a master planned community offering homeowners such amenities as walking trails, pocket parks and swimming pool that fulfill the live, work and play ethos of today's culture. Each of these highly specified homes highlights how convention can be challenged to provide owners with versatile and creative living space.

These fabulous five floor plans signal the company's dynamic entrance into the luxury homes sector and offers the purchasers an opportunity to experience the quality finish, detail, and design this local builder has become know for.

President, Steve Gannon, is both proud and excited to be taking Murdock & Gannon into an area that until now been unexplored by the company. He said 'I consider Massey Preserve to be a golden opportunity to deliver the quality and craftsmanship found in million dollar homes here in the triangle for 1/3 the price. Luxury isn't about a price tag it's about a way of life and quality of living. The only thing that has kept us from entering into this arena sooner has been the lack of suitable land that would do justice to such beautiful homes.'

Pre construction reservations are now being accepted. For more information on Murdock & Gannon or Massey Preserve visit their website www.murdockandgannon.com or call 919*481*4511,
